<b>Summary</b>	5 years of experience in Analysis, Design, Development, Administration, Testing, Support and user training of Data Warehousing using ODI, Oracle Applications. Highly experienced in using Oracle Data Integrator (ODI) to develop processes for extracting, cleansing, transforming, integrating, and loading data into Enterprise data warehouse (EDW).
<b>PROFESSIONAL EXPERIENCE</b>	
<b>4.11years</b>	
<b>Associate, Cognizant Technology Solutions, Chennai</b>	
<b>Apr'16 – Present</b>	
<b>Profile</b>	ELT and BI developer with 5 years of experience in Data Warehousing domain. Proficient in ODI, OBIEE, IBM Infosphere, SAP BI. Knowledge in PLSQL, SQL. Experience in Financial reporting domain.
<b>ASSIGNMENTS</b>	
<b>Project 3 ODI Developer</b>	<ul style="list-style-type: none"><li>Designed, developed ODI (Oracle Data Integrator) objects for ETL Project, gathering requirement specification documents and presenting and identifying data sources.</li><li>Worked on ODI Designer to create Interfaces, procedures, packages and Scenarios to extract the data from multitude of sources, cleaned and loaded into target.</li><li>Designed and developed interfaces to load the data from multiple sources like Relational databases, flat files(.txt, .csv, .xls) into Oracle Database</li><li>Created data model, Tables, Indexes, Views, Materialized views, Synonyms, Sequences for better performance of the DB.</li><li>Created reusable mappings to implement in main mappings.</li><li>Implemented Change Data Capture (CDC) feature of ODI to refresh the data in Enterprise Data Warehouse (EDW).</li><li>Implemented data transformation strategies by using LKM, RKM, IKM, CKM and JKM Knowledge modules</li><li>Knowledge on Admin Activities</li><li>Worked closely with Business Analyst in understanding the Analytical requirements and generated reports as per the user specifications.</li><li>Populated the indicators by implementing business rules, measuring the overall accuracy of the data by setting up data quality rules</li><li>Employ best practices for design, development, unit testing and test plan development</li></ul>

<b>Project 2</b> OBIEE Developer	<ul style="list-style-type: none"> <li>• Worked as an OBIEE developer for developing dashboards .</li> <li>• Created and maintained dashboards using different design styles like, linking dashboards, linking dashboard pages, using appropriate prompts on different pages.</li> <li>• Gathered business requirements for the Finance project by coordinating with Business Analysts and data warehousing team members</li> <li>• Worked in designing and developing the RPD</li> <li>• Worked in creating the Reusable templates</li> <li>• Involved in SQL Performance tuning when reports ran slow.</li> <li>• Create documents, process flows and architecture diagrams related to Planning Solutions developed</li> <li>• Provides support to clients, including data analysis, discovering and fixing data issues, and assisting with OBIEE dashboard/reporting questions to end users and trained the users in Analysis creation.</li> </ul>
<b>Project 1</b> SAP BI 4.1 Admin & Developer	<ul style="list-style-type: none"> <li>• Design and develop canned and Adhoc reports as per the business requirements</li> <li>• Design, develop, maintain and optimize the Universes using Designer module</li> <li>• Employ best practices for design, development, unit testing and test plan development</li> <li>• Good technical background in networking, operating system, system administration and performance monitoring</li> </ul>
<b>Informatica , SQL</b>	<ul style="list-style-type: none"> <li>• Develop mappings and workflows</li> </ul>

Skills
<ul style="list-style-type: none"> <li>• Requirement gathering</li> <li>• BI Report and ETL design and development</li> <li>• Ownership and participation in the Incident and problem management processes, being accountable for resolution, root cause analysis and technology and business reporting and communication</li> <li>• Ownership of Change and Release Management Process</li> <li>• End user support and Application training</li> <li>• Documentation of service process metrics of the project, serve the audit, follow up and closure of project risks.</li> </ul>
<ul style="list-style-type: none"> <li>• <b>ELT: ODI 12C</b></li> <li>• <b>BI Tools: OBIEE 12c, SAP BI 4.1.</b></li> <li>• <b>ETL: Informatica , IBM Design Studio</b></li> </ul>

EDUCATIONAL QUALIFICATIONS			
<b>B. Tech (EEE)</b>	2015	CMR College of Engineering & Technology	71.35%
<b>Inter mediate</b>	2011	Narayana Junior College	90.6%
<b>Class X</b>	72009	Gorkey Public School	81.6%
